

FOR RELEASE: April 7, 2025

The Search for the new General Manager of Grande Prairie Live Theatre Society has ENDED!

The Board of Directors of Grande Prairie Live Theatre Society are pleased to announce that Dawn Miller has accepted the position of General Manager. Her first day is April 7, 2025.

Dawn is a long-time resident of Grande Prairie. She has extensive experience in the profit and not for profit sectors of our community. Notably she was the Major Gifts Officer for the Grande Prairie Regional Hospital Foundation for 10 years. She is returning to Grande Prairie from the key position of Philanthropy Coordinator for the Medicine Hat Health Foundation in the development towards creation of a 30-million-dollar endowment fund. In addition to her leadership in charitable fundraising, Dawn has experience in strategic planning, fiscal management, project management, change management and executive and board operations. She is a Past President of the Grande Prairie Rotary Club.

GPLT President John Moutray and Hiring Committee Chair: "Change can be unnerving. But change is how we grow. GPLT has been moving from strength to strength. We continue to grow and change. On behalf of the Board, I am pleased to welcome Dawn Miller as our new General Manager. We are excited for the new opportunities for growth and change that await our wonderful theatre and community."

GPLT Hiring Committee Member Rory Tarant: "GPLT conducted an extensive recruitment campaign to find a new executive director. We were thrilled to have over 60 candidates apply for the position which made it a difficult but rewarding task for the hiring committee to find the top candidate. We are excited to have Dawn rejoin the community and play a leading role in the future of GPLT."

Dawn Miller: "I am so excited to be returning to Grande Prairie, the community that is home to me. I am looking forward to leading such a creative organization with a long history of providing entertainment to Grande Prairie and region. Arts and culture have the ability to change people's lives in so many ways and I look forward to seeing how we can continue to change people's lives. Grande Prairie is growing and so is the Grande Prairie Live Theatre."

Wayne Ayling: "What a coup for GPLT to have Dawn take over as General Manager. I am so excited to watch GPLT continue to grow and flourish under her leadership. More importantly I am thrilled to echo my wife, Christine's assessment of Dawn. According to her and I agree: "Dawn is cool."
